CLARK TRIAL CLOSED.

Defendant Tells the Story of the Killing of Sills.

Alexander Holliday, a farmer from Indiana, Ind., is in the city in quest of a valuable Cremona violin, which is 200 years old.

The violin came into his possession of Mr. Holliday, forty-seven years ago while he was in Louisiana. It was given to him by a man for whom he had worked, and he had not until recently known a severe illness in the ranks of soldiers.

He has been unable to find out who made the violin, and he has been unable to find out who made the bow.

Holliday said he was in witness in his own behalf but he was nervous and confused in his testimony and did not evince a very favorable impression. According to Clark's story, Holliday was in the city on the day of the killing and his wife told him of certain bad remarks which had been circulated about her. In anger he went to the home of his wife's brother, Mr. Sills, and there he found Sills, who was then about 70 years of age, and who had been a witness in his own behalf.

Sills had been up with them with his son and other men, and when they got there, Mrs. Sills told them that she was busy and could not see them. Clark said Sills was in the house when he reached the sidewalk, called him a white name and grabbed for his throat, at the same time reaching his hand to his pocket to get a revolver. Sills was a man of 70 and he was afraid of who could shoot first and he lost no time in pulling his own gun and firing.

Sills' witnesses were placed on the stand to prove the true character of the defendant and the case was rested.

"Under head of CHRONIC BRIGHT'S DISEASE, page 604, same edition, in the citation of remedies, he says: "Mineral Waters."

ESPECIALLY THE BUFFALO LITHIA WATER of Virginia, which has many advocates."

D. Alfred L. Loomis, Professor of Pathology and Practical Medicine in the Medical Department of the University of New York:

"I have used **BUFFALO LITHIA WATER** in the treatment of Chronic Bright's Disease, occurring in Goitry and Rheumatic subjects with marked benefit."

"The principal symptom of the disease is edema, especially throughout the feet, ankles and hands, and the urine contains albumen, epithelium, hyaline and granular casts entirely disappear from the urine under its action, while those whose kidneys are too far gone to hope for permanent benefit, all those distressing symptoms are ameliorated in an astonishing degree. In Albuminuria of Pregnancy I know of no remedy at all comparable to this water."

E. C. Laird, President Physician, Hot Spring, N.C.:

"Bright's Disease in every way resembles the Acute and Chronic Nephritis of Goitry and Rheumatic Origin, as well as in the greater Albuminuria of Pregnancy. I have found **BUFFALO LITHIA WATER** to act as a VERITABLE ANTIDOTE, and I know of NO OTHER NATURAL AGENT POSSESSING THIS IMPORTANT QUALITY."
